

# Safety Data Sheet

Skyspring Nanomaterials, Inc. http://www.ssnano.com

Revision Date: 12/01/2015

```
1 Identification of substance:
    Product details:
   Product name: Chromium Nanopowder
  ٠
     Stock number: 0721XH
  • Manufacturer/Supplier:
     SkySpring Nanomaterials, Inc.
     2935 Westhollow Dr., Houston, TX 77082, USA
     Phone: 281-870-1700
     Fax: 281-870-8002
     Email: sales@ssnano.com
    2 Composition/Data on components:
   Chemical characterization:
                Description: (CAS#)
     Chromium (CAS# 7440-47-3): 100%
   Identification number(s):
  • EINECS Number: 231-157-5
    3 Hazards identification
.
  • Hazard description:
    Xn Harmful
    F Highly flammable
  • Information pertaining to particular dangers for man and environment
     R 11 Highly flammable.
     R 40 Limited evidence of a carcinogenic effect.
   Classification system
   HMIS ratings (scale 0-4)
  •
       (Hazardous Materials Identification System)
```

```
Health (acute effects) = 2
  Flammability = 2
  Reactivity = 1
  4 First aid measures
• After inhalation
  Supply fresh air. If required, provide artificial respiration. Keep
  patient warm.
  Seek immediate medical advice.

    After skin contact

  Immediately wash with water and soap and rinse thoroughly.
  Seek immediate medical advice.
• After eye contact
  Rinse opened eye for several minutes under running water. Then consult a
  doctor.
• After swallowing Seek immediate medical advice.
  5 Fire fighting measures
• Suitable extinguishing agents
  Special powder for metal fires. Do not use water.
• For safety reasons unsuitable extinguishing agents Water

    Special hazards caused by the material, its products of combustion or

    resulting gases:
  In case of fire, the following can be released:
  Toxic metal oxide fume
• Protective equipment:
  Wear self-contained respirator.
  Wear fully protective impervious suit.
  6 Accidental release measures
• Person-related safety precautions:
  Wear protective equipment. Keep unprotected persons away.
  Ensure adequate ventilation
  Keep away from ignition sources
• Measures for environmental protection:
  Do not allow material to be released to the environment without proper
  governmental permits.
• Measures for cleaning/collecting:
  Dispose contaminated material as waste according to item 13.
```

	Ensure adequate ventilation.				
	<ul><li>Keep away from ignition sources.</li><li>Additional information:</li></ul>				
•					
	See Section 7 for in	formation on safe handling			
	See Section 8 for in	formation on personal protection equipment.			
	See Section 13 for d	isposal information.			
•	7 <u>Handling</u> and stora	<u>ਤੁਵ</u>			
•	Handling				
• Information for safe handling:					
	Keep container tightly sealed.				
	Store in cool, dry place in tightly closed containers.				
Ensure good ventilation at the workplace.					
	Keep ignition sources away.				
	Protect against elec	-			
	5				
•	Storage				
•	Requirements to be m	et by storerooms and receptacles:			
	Store in a cool location.				
•	<ul> <li>Information about storage in one common storage facility: Store away from oxidizing agents.</li> </ul>				
•					
	Keep container tightly sealed.				
	Store in cool, dry c	onditions in well sealed containers.			
•	8 Exposure controls	and personal protection			
	Additional informati	on about design of technical systems:			
•	Properly operating chemical fume hood designed for hazardous chemicals				
	Properly operating c

Netherlands MAC-TGG 0.5 0.5 Norway TWA Poland TWA 0.5 Sweden NGV 0.5 0.5 United Kingdom TWA USA PEL 1 Components with limit values that require monitoring at the workplace: Additional information: No data Personal protective equipment • General protective and hygienic measures The usual precautionary measures for handling chemicals should be followed. Keep away from foodstuffs, beverages and feed. Remove all soiled and contaminated clothing immediately. Wash hands before breaks and at the end of work. • Breathing equipment: Use suitable respirator when high concentrations are present. • Protection of hands: Impervious gloves Check protective gloves prior to each use for their proper condition. • Material of gloves The selection of suitable gloves not only depends on the material, but also on quality. Quality will vary from manufacturer to manufacturer. • Eye protection: Safety glasses • Body protection: Protective work clothing. 9 Physical and chemical properties: . General Information • Form: Powder **Color:** grey/black **Odor:** Odorless • Value/Range Unit Method • Change in condition 1875 ° C • Melting point/Melting range: 2482 ° C Boiling point/Boiling range: Sublimation temperature / start: Not determined Flash point: Not applicable ٠ Flammability (solid, gaseous) Highly flammable. •

٠	Ignition temperature:	Not determined
•	Decomposition temperature:	Not determined
•	Explosion limits:	
•	Lower:	Not determined
•	Upper:	Not determined
٠	Vapor pressure:	Not determined
	Density: at 20 ° C	7 10 / 3
•	Density: at 20 °C	7.19 g/cm³
•	Solubility in / Miscibility with	
•	Water:	Insoluble
•	10 <u>Stability and reactivity</u>	
•	Thermal decomposition / conditions	
	Decomposition will not occur if us	ed and stored according to
	specifications.	
٠	Materials to be avoided: Oxidizing	agents

- 15 Regulations
  - Product related hazard informations:
  - Hazard symbols:

Xn Harmful F Highly flammable

## • Risk phrases:

- 11 Highly flammable.
- 40 Limited evidence of a carcinogenic effect.

#### • Safety phrases:

7 Keep container tightly closed.
33 Take precautionary measures against static discharges.
36/37 Wear suitable protective clothing and gloves.
60 This material and its container must be disposed of as hazardous waste.

• National regulations

All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory.

All components of this product are listed on the Canadian Domestic Substances List (DSL).

## • Information about limitation of use:

For use only by technically qualified individuals. This product contains chromium and is subject to the reporting requirements of section 313 of the Emergency Planning and Community Right to Know Act of 1986 and 40CFR372.

## 16 Other information:

Employers should use this information only as a supplement to other information gathered by them, and should make independent judgment of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.
